Please join us for the **BIPOC Focused PSI Certification Training!**

We warmly invite Tribal and Non-Tribal practitioners, birthworkers, community members along with urban and rural relatives of color and allies. Please join us for an essential, culturally aware training focused on baby blues and other Maternal Mental Health topics. This event will empower and provide you with an opportunity to enhance your skills and learn effective strategies to support our communities.

Training Overview & Dates

Perinatal Mood Disorders: Components of Care Training

 February 26-27, 2025

A comprehensive two-day training offering 14.5 CE credits, laying the foundation for anyone involved with the perinatal population.

Advanced Psychotherapy Training

 February 28, 2025

An intensive one-day session offering 6 CE credits, designed for mental health providers with at least 14 hours of prior perinatal mental health training. This advanced training focuses on differential diagnosis, evidence-based psychotherapy, and complex therapeutic issues.
