Genetic and molecular testing	Prior authorization is required for genetic and molecular testing performed in an outpatient setting. Health care professionals requesting laboratory testing will be required to complete the prior authorization/notification process, which includes indicating the laboratory and test name. Payment will be authorized for CPT codes registered with the Genetic and molecular testing prior authorization/notification program for each specified genetic test. Notification/prior authorization is required for BRCA testing before DNA sequencing is performed. The ordering health care professional must notify the laboratory conducting the test, and the lab will notify UnitedHealthcare.	81163	81164	81228	81229
