

**An Important Message from
The Texas Health and Human Services Commission (HHSC)
Positive Behavior Management and Support Workshops**

Key Details:

The Texas Health and Human Services Commission (HHSC) is offering virtual Positive Behavior Management and Support (PBMS) and Advanced PBMS workshops at no cost for attendees on the following and times:

- [September 23](#) (PBMS)
- [October 9](#) (PBMS)
- [October 25](#) (Advanced PBMS)
- [November 8](#) (Advanced PBMS)

The workshops are available to the public, including family members, caregivers, providers (educational, foster care, geriatric, long-term services and supports in the intellectual and developmental disabilities and aging population, and mental health), Adult Protective Services, and case managers.

Upon completion of the training, HHSC will issue continuing education units (CEUs) for social workers, certified nurse aides, licensed nursing facility administrators, nursing facility activity directors, assisted living facility managers, day activity and health services managers, qualified developmental disabilities professionals, and qualified intellectual disabilities professionals. Behavior analyst certification board CEU will be issued by the University of North Texas.

Please click on a date above to register for that workshop.
