

**An Important Message from  
The Texas Health and Human Services Commission (HHSC)**

**RAPPS Year 4 (SFY 2025) June Scorecard**

The Rural Access to Primary and Preventative Services (RAPPS) program Year 4 State Fiscal Year (SFY) 2025 June scorecard is now available on the [HHSC Provider Finance Department \(PFD\) website](#) under the “SFY 2025 (Year 4)” heading in the “Component 1 Scorecards” drop-down menu.

This scorecard reflects the current eligibility statuses for the period covered by the June scorecard. The scorecard includes a managed care organization (MCO) pivot table by national provider identifier (NPI).

Payments to RAPPS participants are made through their contracted MCO. Note that the scorecard includes a directive only for the Component 1 (formerly “Layer 1”) payments.

**Component 1** (100% of the funding beginning 9/1/2024) is a uniform dollar increase paid monthly based on the rural health clinic (RHC) class. Freestanding and hospital-based RHCs are eligible to participate in Component 1.

- MCOs must make HHSC-calculated payments to RAPPS participants in accordance with the scorecard.
- Participating RAPPS providers should work directly with their respective MCO to resolve any issues with payments received from that MCO.

**Note:** The Directed Payment Program (DPP) encounter indicator is required for all applicable reprocessed (9/1/2021 and after) claims and all future claims.

Payments for June SFY 2025 are presumptive. HHSC will remove any providers from the program and recoup all payments if they have not met the reporting requirements that are a condition of participation during the Round 1 reporting review period.

**Questions?**

If you have any questions or concerns about the scorecard, email PFD at [PFD\\_Hospitals@hhs.texas.gov](mailto:PFD_Hospitals@hhs.texas.gov).

Additional questions, please contact UnitedHealthcare Customer Service at 888-887-9003, 8 a.m.–6 p.m. CT, Monday–Friday.
