

**An Important Message from
The Texas Health and Human Services Commission
(HHSC)**

**Deadline Extended to May 14: Prescriber Survey Opportunity - Texas
Prescription Monitoring Program**

Background:

The annual Centers for Medicare and Medicaid Services (CMS) Drug Utilization Review (DUR) Survey contains a new, required section of responses related to the Texas Prescription Monitoring Program (PMP). This year's survey is for data material from Federal Fiscal Year 2023 (Oct. 1, 2022, to Sept. 30, 2023).

Key Details:

On April 8, 2024, HHSC notified MCOs of the annual CMS DUR Survey containing a new, required section of responses related to the Texas PMP. To maximize provider participation in this survey, HHSC requested MCOs to assist in distributing the survey link as soon as possible to their Medicaid providers before the due date of April 30, 2024. HHSC will extend the deadline for participation in the survey to May 14, 2024.

Action:

Please revise notices to your prescribers accordingly to encourage participation in this survey.
