The Texas Health and Human Services Commission (HHSC)**

Calling All Nursing Facility Administrators and Directors of Nursing

Background:

The Texas Center for Nursing Workforce Studies is conducting the 2026 Nursing Facility Nurse Staffing Study this spring.

The purpose of this survey is to assess nurse staffing issues among nursing facilities throughout the state. Data collected from this survey will help guide stakeholders and legislators in developing policy recommendations and establishing legislative priorities.

Your participation is necessary to help ensure that valid, reliable, and representative data is available to support recommendations and policy aimed at strengthening the nursing workforce in Texas.

Don't miss your opportunity to make your voice heard. [Take the survey.](#)
