

Prostate Biopsy Specimen Analysis Policy, Professional and Facility

IMPORTANT NOTE ABOUT THIS REIMBURSEMENT POLICY

This policy is applicable to UnitedHealthcare Medicare Advantage Plans offered by UnitedHealthcare and its affiliates.

You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. UnitedHealthcare Medicare Advantage reimbursement policies use Current Procedural Terminology (CPT®*), Centers for Medicare and Medicaid Services (CMS), or other coding guidelines. References to CPT or other sources are for definitional purposes only and do not imply any right to reimbursement.

This reimbursement policy applies to all health care services billed on UB04 forms (CMS 1450) and to those billed on CMS 1500 forms. Coding methodology, industry-standard reimbursement logic, regulatory requirements, benefits design and other factors are considered in developing reimbursement policy.

This information is intended to serve only as a general resource regarding UnitedHealthcare's Medicare Advantage reimbursement policy for the services described and is not intended to address every aspect of a reimbursement situation. Accordingly, UnitedHealthcare Medicare Advantage may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to UnitedHealthcare Medicare Advantage enrollees. Other factors affecting reimbursement may supplement, modify or, in some cases, supersede this policy. These factors may include, but are not limited to: legislative mandates, the facility or other provider contracts, the enrollee's benefit coverage documents**, and/or other reimbursement, medical or drug policies. Finally, this policy may not be implemented exactly the same way on the different electronic claims processing systems used by UnitedHealthcare Medicare Advantage due to programming or other constraints; however, UnitedHealthcare Medicare Advantage strives to minimize these variations.

UnitedHealthcare Medicare Advantage may modify this reimbursement policy at any time to comply with changes in CMS policy and other national standard coding guidelines by publishing a new version of the reimbursement policy on this website. However, the information presented in this reimbursement policy is accurate and current as of the date of publication. UnitedHealthcare Medicare Advantage encourages physicians and other health care professionals to keep current with any CMS policy changes and/or billing requirements by referring to the CMS or your local carrier website regularly. Facilities can sign up for regular distributions for policy or regulatory changes directly from CMS and/or your local carrier. UnitedHealthcare's Medicare Advantage reimbursement policies do not include notations regarding prior authorization requirements.

Application

This reimbursement policy applies to all Medicare Advantage products and for network provider services reported using the UB04 and CMS 1500 form or its electronic equivalent or its successor form.

Policy

Overview

This policy describes the reimbursement methodology for biopsy services associated with prostate specimen analysis.

Reimbursement Guidelines

NOTE: Procedure codes appearing in policy documents are included only as a general reference tool for each policy. They may not be all-inclusive.

Surgical Pathology of Biopsy

UnitedHealthcare will only consider reimbursement of pathological examination of tissue obtained from a prostate biopsy involving up to twelve core extended samplings when performed as a follow up to abnormal PSA results, the presence of a palpable nodule on digital rectal examination, or suspicious radiologic findings.

Procedure Code(s)

88305					
-------	--	--	--	--	--

Surgical Pathology of Prostate Needle Biopsy

UnitedHealthcare will only consider reimbursement of the prostate needle biopsy procedure code listed below once per date of service.

Procedure Code(s)

G0416					
-------	--	--	--	--	--

Definitions

Twelve core extended samplings	Six individual units equals twelve core extended samplings (Two core samples per vial. One vial is equal to one unit)
--------------------------------	---

Questions and Answers

1	Q: Is the twelve core extended samplings limitation based on individual provider per member? A: The twelve core extended samplings limitation is applicable across all billing and/or rendering providers (including any individual provider OR any facility) for each individual member for the same date of service.
2	Q: Is the once per date of service limitation based on individual provider per member?

A: The once per date of service limitation is applicable across all billing and/or rendering providers (including any individual provider OR any facility) for each individual member for the same date of service.
