IMPORTANT NOTE ABOUT THIS REIMBURSEMENT POLICY

You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. UnitedHealthcare Community Plan reimbursement policies uses Current Procedural Terminology (CPT®), Centers for Medicare and Medicaid Services (CMS) or other coding guidelines. References to CPT or other sources are for definitional purposes only and do not imply any right to reimbursement. This reimbursement policy applies to all health care services billed on CMS 1500 forms and, when specified, to those billed on UB04 forms. Coding methodology, industry-standard reimbursement logic, regulatory requirements, benefits design and other factors are considered in developing reimbursement policy. This information is intended to serve only as a general reference resource regarding UnitedHealthcare Community Plan's reimbursement policy for the services described and is not intended to address every aspect of a reimbursement situation. Accordingly, UnitedHealthcare Community Plan may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to UnitedHealthcare Community Plan enrollees. **Other factors affecting reimbursement supplement, modify or, in some cases, supersede this policy. These factors include, but are not limited to: federal &/or state regulatory requirements, the physician or other provider contracts, the enrollee's benefit coverage documents, and/or other reimbursement, medical or drug policies.** Finally, this policy may not be implemented exactly the same way on the different electronic claims processing systems used by UnitedHealthcare Community Plan due to programming or other constraints; however, UnitedHealthcare Community Plan strives to minimize these variations. UnitedHealthcare Community Plan may modify this reimbursement policy at any time by publishing a new version of the policy on this Website. However, the information presented in this policy is accurate and current as of the date of publication. *CPT Copyright American Medical Association. All rights reserved. Application

This reimbursement policy applies to UnitedHealthcare Community Plan Medicaid Product

This reimbursement policy applies to services reported using the 1500 Health Insurance Claim Form (a/k/a CMS-1500) or its electronic equivalent or its successor form. This policy applies to all products and all network and non-network physicians and other qualified health care professionals, including, but not limited to, non-network authorized and percent of charge contract physicians and other qualified health care professionals.

Policy

Overview

This policy identifies circumstances in which UnitedHealthcare Community Plan will reimburse suppliers for incontinence supplies and the maximum amount of supplies that will be reimbursed per month.

Reimbursement Guidelines

For the purposes of this policy, incontinence supplies have been split into two subgroups. Group 1 includes disposable diapers, briefs, protective underwear, pull-ons, liners, etc. Group 2 includes Disposable underpads (commonly called chux). The HCPCS codes for each supply within a group that is addressed in this policy are listed below. Washable (non-disposable) items are not addressed in this policy.

HCPCS Group (1) Codes

T4521	T4522	T4523	T4524	T4525	T4526	T4527	T4528	T4529	T4530
T4531	T4532	T4533	T4534	T4535	T4543	T4544	T4545		

HCPCS Group (2) Codes

A4553	A4554	T4541	T4542
-------	-------	-------	-------

Claims for incontinence supplies must contain more than one ICD-10 diagnosis code. An ICD-10 diagnosis code from the Incontinence Supplies ICD-10 Diagnosis Codes List *and* an ICD-10 diagnosis code reflecting the condition causing the incontinence must both be present on the claim. If one or more of the ICD-10 diagnoses on the Incontinence Supplies ICD-10 Diagnosis Codes List are the **ONLY** diagnosis code(s) on the claim all incontinence supplies will be denied.

Unless a different amount is outlined in the State Maximums Section or the State Exceptions Section, a maximum of 300 individual units/items from the Group 1 supplies will be allowed per member per month. This equates to 9-10 disposable incontinent supply items per day or one every 2 ¼ - 2 ½ hours.

All Group 1 codes are monthly aggregates, regardless of a member requiring a change in size during the month. The maximum amount of each size per member per month is not allowed. Once the maximum unit/item count of Group 1 has been met, documentation showing medical necessity for exceeding the limit must be submitted before payment for any exceeding the maximum will be considered. Orders for all supplies must be submitted with the appropriate HCPCS code for the size provided.

If a member does not require incontinence supplies in Group 1, then no supplies in Group 2 will be reimbursable. If the member does require supplies from Group 1, then the Group 2 supplies will be allowed. **Unless a different amount is**

outlined in the State Maximums Section or the State Exceptions Section, a maximum of 300 individual units/items from the Group 2 supplies will be allowed per member per month.

See above for a list of acceptable HCPCS Group 1 and Group 2 Supplies codes. Vendors are not to schedule automatic shipment of incontinence supplies. Prior to each shipment, the vendor should contact the member or caregiver to determine the quantity of supplies on hand and the appropriate size and date for shipment. The delivery date should not be prior to the member having 15 days of supplies available. An order should not contain more than 30 days' worth of supplies. Delivering items where standard packaging exceeds 45 days or more supply is not permitted. Stockpiling of supplies is not allowed.

Questions and Answers	
1	<p>Q: Why are incontinence supplies not reimbursed when only one diagnosis code is submitted?</p> <p>A: A valid incontinence diagnosis and condition causing the incontinence must be listed on the claim along with any symptoms. A claim that list codes based on symptoms alone will not pay. Therefore, a diagnosis code causing the incontinence should be billed along with the symptom diagnosis code indicating the cause of the</p>

	symptoms. So, it is not that the diagnosis is not covered, but that another code must be billed along with the diagnosis code for the symptoms that shows the condition causing the symptoms.
2	<p>Q: Why are Group 2 supplies not reimbursed?</p> <p>A: Group 2 supplies are covered, but only if the member is also receiving Group 1 supplies. Group 2 products are used to maintain sanitary conditions for the member. The primary use is not to protect furniture and bedding. If the member does not require the use of the Group 1 products in order to maintain sanitary conditions, then there should be no need for the Group 2 products.</p>
