

# UnitedHealthcare Community Plan prior authorization requirements for genetic and molecular codes

Effective Oct. 1, 2025

The American Medical Association periodically creates new genetic and molecular testing CPT® codes. As these new codes apply to genetic and molecular tests that currently require prior authorization, we're adding them to our genetic testing prior authorization program.

These new genetic and molecular testing codes will apply to certain UnitedHealthcare Community Plans. Please select your applicable state to view the CPT codes that will take effect on Oct. 1:
