Prior authorization requirements for Preferred Care Network and Preferred Care Partners of Florida

Effective July 1, 2025

General information

This list contains prior authorization requirements for participating Preferred Care Network and Preferred Care Partners of Florida health care professionals providing inpatient and outpatient services.

Please submit your request in 1 of the following ways:

Online: Use the Prior Authorization and Notification tool on the UnitedHealthcare Provider Portal. To get started, go to
 UHCprovider.com and click Sign In at the top-right corner to log in using your One Healthcare ID and password. Then, select the
 Prior Authorization and Notification tab on your dashboard. If you don't have a One Healthcare ID, visit
 UHCprovider.com/access.

Phone:

Preferred Care Network: Call 866-273-9444Preferred Care Partners: Call 800-995-0480

Prior authorization is not required for emergency or urgent care.

Plans with referral requirements: If a member's health plan ID card says, <u>Referral Required</u>, certain services may require a referral from the member's primary care provider **and** prior authorization obtained by the treating physician. You can find more information about the referral process in the **2024 UnitedHealthcare Care Provider Administrative Guide** for commercial and Medicare Advantage plans including UnitedHealthcare West fee-for-service. The plans listed in the following table require prior authorization for in-network services.

End-stage renal disease/dialysis services Services for the treatment of end-stage renal disease (ESRD) require advance notification, which includes outpatient dialysis services.	directed to a health plan contracted vendor. For more information, please call the number on the member's health plan ID card. Advance notification is required if a member is referred to an out-of-network care provider for dialysis services. Using an in-network dialysis center can help our members avoid high-cost shares, even when they may have out-of-network benefits. Advance notification isn't required for ESRD when a Medicare member travels outside of the service area. Note: Your agreement with us may include restrictions on referring members outside of the UnitedHealthcare network. Your patients who use out-of-network physicians, health care professionals or facilities may have increased out-of-pocket expenses or no coverage. Advance notification is required for Preferred Care Network and Preferred Care Partners members when: A network physician or health care professional directs a member to an out-of-network facility, physician or other care provider and the member's benefit plan doesn't include benefits for out-of-network services. Or, you want to request innetwork cost sharing or a benefit level because there are no available in-network care providers for the type of specialty services needed.
