The member is 18 years of age or older and has one of the following diagnoses:

☐ Narcolepsy with excessive daytime sleepiness

☐ Obstructive sleep apnea/hypopnea syndrome with residual excessive daytime sleepiness in conjunction with appropriate medical intervention(s)

- List any other medical intervention(s) being utilized for obstructive sleep apnea (e.g., PAP, OPT, etc.)?

  _____

- Has the member had a previous trial and failure with any of the following in the past year:

  ☐ Modafinil Dates of use: _____

  ☐ Armodafinil Dates of use: _____

  If no, please provide any other medical justification for use: _____

  _____

  _____

  _____

PA Requirements for Wakix (pitolisant):

The member is 18 years of age or older and has one of the following diagnoses:

☐ Narcolepsy with cataplexy or excessive daytime sleepiness

☐ Obstructive sleep apnea/hypopnea syndrome with residual excessive daytime sleepiness in conjunction with appropriate medical intervention(s)

- List any other medical intervention(s) being utilized for obstructive sleep apnea (e.g., PAP, OPT, etc.)?
  _____
- Has the member had a previous trial and failure with any of the following in the past year:
  ☐ Modafinil Dates of use: _____
  ☐ Armodafinil Dates of use: _____

If no, please document any other medical justification for use: _____

_____

_____

_____

PA Requirements for Xyrem (sodium oxybate):

Initial Authorization

Select ONE of the following:

1) The member is 7 years of age or older and has narcolepsy with cataplexy or excessive daytime sleepiness diagnosis ☐ Yes ☐ No
   - Please provide requested dose per day: _____
   - Please provide member's weight (include date of collection): _____

2) The member is 18 years of age or older and has fibromyalgia diagnosis ☐ Yes ☐ No
   - Has the member had a previous trial and failure with ONE of the following?
     ☐ Amitriptyline Dates of use: _____
     ☐ SSRIs Medication name and dates of use: _____
     ☐ SNRIs Medication name and dates of use: _____
     ☐ Anticonvulsants (gabapentin, pregabalin) Medication name and dates of use: _____
     ☐ NSAIDs and APAP Dates of use: _____

     If member has not trialed all of the above agents, please provide medical justification as to why that agent or an agent in that class was not trialed.

     _____

     _____

     _____
   - Please provide requested dose per day: _____

Reauthorization

1) Please provide the following information showing an attempt to decrease dose or trial and failure of an alternative therapy within the past year:
   - Date of dose reduction attempt: _____
   - Original dose member was prescribed:_____
   - Dose member was reduced to: _____
   - Outcomes of dose reduction: _____
   - Trial and failure of an alternative therapy (name of medication, date of trial, and an explanation as to how the member failed):

     _____

     _____

2) Please provide documentation showing continued benefit from the medication (i.e., reduction in frequency of cataplexy, reduction in symptoms of excessive daytime sleepiness, etc.) without significant adverse events (documentation must include most recent chart notes)

PA Requirements for Xywav (calcium/magnesium/potassium/sodium oxybates solution):

Initial Authorization

Select ONE of the following:

1) The member is 7 years of age or older and has narcolepsy with cataplexy or excessive daytime sleepiness diagnosis ☐ Yes ☐ No
   - Please provide requested dose per day: _____
   - Please provide member's weight (include date of collection): _____
