UnitedHealthcare will honor all approved prior authorizations/notifications on file until the earlier of the end date on the authorization/notification or the date the member's eligibility changes. Upon prior authorization/notification renewal, the updated policy will apply.

Note: Certain specialty medical injectable drug programs and updates will not be implemented at this time for providers practicing in Rhode Island, with respect to certain commercial members, pursuant to the Rhode Island regulation: 230-RICR-20-30-14. UnitedHealthcare encourages providers practicing in Rhode Island to call in to confirm if prior authorization/notification is required. This exception does not apply to Medicaid and Medicare.

Outpatient hospitals are required to obtain the medications listed in the [Medication Sourcing Protocol - Requirements to use a participating specialty pharmacy for certain medications document](#) from the indicated specialty pharmacies for distribution of these medications, unless otherwise authorized by us. When the specialty medication is obtained through the specialty pharmacy, the specialty pharmacy will bill us directly for these medications under the member's medical benefit. The facility administering the specialty medication is not to bill us for the medication obtained through the specialty pharmacy but may bill us for the administration of the medication to the member.

New and Updated Procedure Codes for Injectable Medications – Effective April 1, 2025

Centers for Medicare & Medicaid Services (CMS) has issued new procedure codes for certain injectable medications effective April 1, 2025. Correct coding rules dictate that assigned and permanent codes should be used when available. The injectable medications listed below will have new codes and may require

prior authorization.
