Medication alternatives

We may cover medication alternatives for medications not on our PDL. If you feel a medication alternative is medically appropriate for a patient, and you'd like to prescribe it, please do one of the following:

- Contact the member's pharmacy to request the prescription
- Submit an electronic prescription using Optum Rx® ePrescribe
 - For more information, visit [Electronic Prescribing \(eRx\) to Optum Home Delivery](#) at [optum.com](#)
- Write a new prescription and give it to your patient (where state regulations permit)

If a preferred alternative medication isn't medically appropriate for a patient, please request a PDL prior authorization exception by calling Optum Rx prescriber prior authorization at **800-310-6826**. If the medication meets our medical necessity criteria, we'll continue to cover it for that patient.
